

DBE OPPORTUNITIES

SR 99 Tunnel Project - Alaskan Way Viaduct Replacement Program

Seattle Tunnel Partners (STP) is the design-builder for the SR 99 Tunnel Project. The design-build contract has a goal of 8 percent Disadvantaged Business Enterprise (DBE) utilization. The STP DBE team, contact information listed below, will help get your firm's information to the right people and answer your questions about project schedules and bid opportunities.

Project activities and related bid packages are released as scopes are finalized; for some work activities, this process is already underway. Anticipate additional bid packages after mid-to-late 2012, when final design is completed. The two tunnel operation buildings are estimated to go to bid in 2013. All work is estimated to be completed by December 2015.

Seattle Tunnel Partners – Design-build joint venture

Erin Lopez Nielsen, DBE Compliance Manager – 206-971-8214 or elopez@stp-jv.com

Lorri Day, DBE Team Administrator – 206-971-8358 or lday@stp-jv.com
